

VEDIC CLASSES – SOCIAL MEDIA MARKETING REPORT & DAILY WORK UPDATE

Introduction

The objective of today's task was to establish the official social media presence of Vedic Classes and prepare educational branding and marketing content for student engagement and future platform growth.

Platforms Created

The following social media/business platforms were created:

- Instagram Business Page
- Facebook Business Page
- LinkedIn Account
- YouTube Educational Channel

Branding & Profile Setup

The following branding work was completed:

- Official Vedic Classes logo setup
- Educational banner template setup
- Blue & Yellow brand theme implementation
- Bio and profile optimization
- Educational profile descriptions and taglines

Brand Tagline:

“Strong Concepts. Bright Future.”

Instagram Setup

The Instagram business page was created successfully along with:

- Profile branding
- Bio setup
- Educational post designs
- Captions and hashtags
- Content ideas and templates

Educational and motivational post templates were also prepared for future posting.

Facebook Setup

The Facebook page was also created successfully. However, there may still be some setup or configuration issues. Further review and improvements may be required.

LinkedIn Setup

The LinkedIn account has been created successfully. However, to fully optimize and grow the company profile, more connections are required.

Currently:

- Around 2–3 connections have been added
- Additional connections may be required for better visibility and business profile optimization
- Some LinkedIn business/profile features may become available only after 24 hours of account creation

Educational Content Preparation

The following educational content was prepared:

- Welcome posts
- Study tips posts
- AI & Coding awareness posts
- Math learning posts
- Student motivation content

30-Day Professional Content Strategy

Content Pillars:

- Educational Value
- Student Engagement
- Parent Trust
- Future Skills (AI & Coding)
- Brand Awareness

Posting Ratio:

- 40% Educational Content
- 25% Student Motivation
- 20% Skill-Based Learning
- 15% Promotional Content

WEEK 1 — Brand Awareness & Trust Building

- Day 1 — Welcome to Vedic Classes
- Day 2 — 5 Daily Habits of Successful Students

FINAL 2 DAYS

Day 29 — Growth Begins with Learning

Day 30 — Monthly Community Recap & Engagement Post

AI-Generated Designs

AI-generated educational templates and graphics were prepared for:

- Instagram posts
- Educational banners
- Math learning graphics
- Motivation-based content

Pending Work

The reel creation section is currently pending because I am not fully familiar with creating and editing reels yet. Educational reel concepts and ideas were prepared, but full reel editing and production could not be completed properly.

Tools Used

- Canva
- Figma
- ChatGPT AI
- Instagram
- Facebook
- LinkedIn
- YouTube

Conclusion

The initial social media branding and educational marketing setup for Vedic Classes were successfully completed. Platform creation, branding assets, educational content ideas, post templates, and the 30-day professional content strategy are now prepared for future engagement and content publishing.

Please review the current work and let me know if any changes or improvements are required.
